Fragile and Dear (audio)

Yellowcard

We spent years on a tear to get away
You and I, we've survived yesterdays
But the movements in between our hearts' desires
Oh, they change so suddenly and we expiredYou can't know the way it feels
To lose something so fragile and dear to you
Hold you up against the light
Speak the truth and say goodbye to you
Goodbye to youI'm trying so hard to get free
But you still come back and haunt me
The movements that divide our hearts' desires
All the reasons that I knew we would expireYou can't know the way it feels
To lose something so fragile and dear to you
Hold you up against the light
Speak the truth and say goodbye to you
Goodbye to youYou can't know the way it feels
To lose something so fragile and dear to you
Hold you up against the light
Speak the truth and say goodbye to you
Goodbye to you
Goodbye to you
Goodbye to youHold you up against the light
Speak the truth and say goodbye to you
Goodbye to you
