

Pleasure

Meredith Brooks

I stayed up all night thinking about this life
I've been working so hard baby
Now it's time to fly and you're my pleasure baby I hit the ground each day no time to stop and stare
But when I see you all my worries seem to disappear
I love the way you do it you're my pleasure baby Oh, ya, ya
You're my pleasure baby
Oh, ya, ya
I love the way you do what you do
To make me feel so fine I like it when we play the pressure melts away
I have been with out relief for 110 days
Tomorrow's too late, you're my pleasure baby Oh, ya, ya
You're my pleasure baby
Oh, ya, ya
I love the way you do what you do
To make me feel so fine Now this ain't livin' if it's just for the gettin' it means nothin'
But nothin' is something if it's anything with you
And you're my pleasure baby Oh, ya, ya
You're my pleasure baby
Oh, ya, ya
I love the way you do what you do
To make me feel so fine
