

Lucky Me

[Lisa Loeb](#)

Lucky me
How bad could it be
To be alone for now
To be free
Oh, don't cry
The time, it passes by
Just think of what you'll get
When you're past this
So, is it alright if I go?
Is it alright if I go?
Oh, don't cry
Just think about the end
I'll find my best friend
At last

Lucky me
I'm ready for a ride
I'll jump off and take a drive
Today
So, is it alright if I go?
Is it alright if I go?
Is it alright if I go?
Oh, don't cry
It's time to say goodbye
So, is it alright if I go?
Is it alright if I go?
