

Supernatural

New Edition

Interplanetary
Interplanetary
Supernatural
Supernatural
SupernaturalLookin' for that big honey
Youll find only in a dream
I searched around and still cant find her
[Unverified] to extremeTurned around, she caught my eye
Tell me, am I seein' things?
Just might be imagination
[Unverified] and hauntin' meThis woman
(Supernatural)
The way she looks
(Supernatural)
The way she moves her body
(Supernatural)
Everything about this honey is so supernatural
SupernaturalAs I watch her move in closer
Perfect beauty she exceeds
Never question Mother Nature
Shes an angel without wingsHer extension fills my body
I reach out to hold her hand
Tried to grab it, cant get a handle
The girl is gone, she was never hereThis woman, yeah
(Supernatural)
The way she looks
(Supernatural)
The way she moves her body
(Supernatural)
Something about that woman
That makes me feel so good(Supernatural)
The way she looks
(Supernatural)
Supernatural baby, yeah
(Supernatural)
Everything about this honey is so supernaturalIm tired of this cloud
Takin' over the invisible force
Are they controllin' me?
Naw, thats a corny way I think

I take two beasts out to rethink I'm takin' each in my dream
This is kind of extreme
Yo, Ron, help me out
You know what I mean Yeah, Biv
Its not that deep
Come, go with me
And out that ghost to sleep [Unverified] how shes possessin me
[Unverified] shes metaphysical, super irical
[Unverified] might be imagination
[Unverified] 'cause everything about this, honey, I love Alright
(Supernatural)
The way that she moves
(Supernatural)
Theres no doubt about it, yeah, yeah
(Supernatural)
Oh, I know Heaven must have sent you from above (Supernatural)
Yeah
(Supernatural)
(Supernatural)
Say, baby, say, baby
If Im dreamin', if Im dreamin'
Please dont wake me up, yeah (Supernatural)
(Supernatural)
See, I just wanna keep dreamin'
(Supernatural)
Everything I want in a woman (Supernatural)
And I love her and I love her and I love
(Supernatural)
(Supernatural)
(Supernatural)
