

# Government Personnel

## Tesla

Go straight to hell,  
All you government personnel,  
Sittin' awf'ly well  
In your big, white house up on the hill. You say now, give me a home  
Where the buffalo roam,  
Where the deer and antelope play.  
You can bet your ass we'll blow them all away. Fuck it up until it's bent,  
Then a-wonder where it went.  
Thinkin' you was a-heaven sent, ha ha ha,  
You're nothin' but hell! Go straight to hell.
