

# Tappin' Out

## Mario

Your body, my body  
A silhouette that'd make the whole world wanna make love  
Fill me up, with your lovin'  
So why the hell would I go out and try to get more  
Oowoo, I'm makin' love to an angel  
There's somethin' so dangerous 'bout the way you love  
Ain't nobody patient like me  
So take this lovin' right here  
Gon' act like I'm tryin' to put something in the middle  
Break your body down little by little  
I know you feel me holdin' tight girl, cold and let go  
Get your second win, here we go again  
[Chorus]Ain't no tappin' out, on me  
Ain't no referee tellin' they way till 3?  
Ain't no tappin' out, on me  
You say you a bad girl, so show me a bad girl  
It's alright  
Stay in the fight  
We got all night  
You sayin' we steady baby, no tappin' out till you later  
Round two, look at the time it's  
Round two, you're so dam fine and, in  
This room, moment of silence  
Dayum, lookin' at you  
I'm gonna pray to god that you'll never fall

And even though you're an angel, there's somethin' dangerous about your love  
Baby don't give up on me  
Oh baby  
[Chorus]Ain't no tappin' out, on me  
Ain't no referee tellin' they way till three?  
Ain't no tappin' out, on me  
You say you a bad girl, so show me a bad girl  
It's alright  
Stay in the fight  
We got all night  
You sayin' we steady baby, no tappin' out till you later  
We can fuss, we can fight or whatever  
But we gon' end up makin' love

While I'm pullin' on your hair, you bite the cover  
Don't try to run from this love that we make  
I know just how much your body can take  
[Chorus]Ain't no tappin' out, on me  
Ain't no referee tellin' they way till three?  
Ain't no tappin' out, on me  
You say you a bad girl, so show me a bad girl  
It's alright  
Stay in the fight  
We got all night  
You sayin' we steady baby, no tappin' out till you later
