Perfect World

Sawyer Brown

I met a little girl
And she liked me
She kissed me soft
And I gave her my ring
Love was new and things were lookin' up
So I put her name on the front of my truck
In a perfect world
In a perfect worldChorusIn a perfect world
When boy meets girl
They spin and dance
Like a tilt-a-whirl
Top of the ferris wheel
A cotten candy kiss
Yeah, a perfect world feels just like this
Hey It's a perfect world with me and you
Hey it's a perfect world ah ooh
Ain't nothing better than when you take my hand
It's never never land
Oh Oh Oh it's a perfect worldWe went to the sonic and we rode around town
With the radio up and the windows down
When she held my hand it felt so real
We ended up parkin' on lovers hill
In a perfect world
In a perfect worldRepeat ChorusIn a perfect world
When boy meets girl
They spin and dance
Like a tilt-a-whirl
Top of the ferris wheel
A cotten candy kiss
Yeah, a perfect world feels just like this
Hey It's a perfect world with me and you
Hey it's a perfect world ah ooh
Ain't nothing better than when you take my hand
It's never never land
Oh Oh Oh it's a perfect worldHey It's a perfect world with me and you
Hey it's a perfect world ah ooh
Ain't nothing better than when you take my hand
It's never never land
Oh Oh Oh it's a perfect

Oh Oh Oh it's a perfect
Oh Oh Oh it's a perfect world
