

Highway Blues

Hill Country Revue

Kim Simmonds-Chrysalis Music Ltd.

Standing by the highway

Looking for a ride

Standing by the highway

Looking for a rideSad out on the streets you know

The only friend the blues by my sideWait a second hour

Seems like forty days

Wait a second hour

Seems like forty daysPeople passing by and stare

The looks they gave makes you send me in my graveHitch-hike on the highway

I ain't no one to fear

Hitch-hike on the highway

I ain't no one to fearHeaded for the open road

Pack on back, I'm doing what I can
