Explosions

[Ellie Goulding](#)

You trembled like you'd seen a ghost
And I gave in
I lack the things you need the most
You said where have you been
You wasted all that sweetness to run and hide
I wonder why
I remind you of the days you poured your heart into
But you never tried
I've fallen from grace
Took a blow to my face
I've loved and I've lost
I've loved and I've lostExplosions on the day you wake up
Needing somebody and you've learned
It's okay to be afraid
But it will never be the same
It will never be the sameYou left my soul bleeding in the dark
So you could be king
The rules you set are still untold to me and I
Lost my faith in everything
The nights you could cope, your intentions were gold
But the mountains will shake
I need to know I can still makeExplosions on the day you wake up
Needing somebody and you've learned
It's okay to be afraid
But it will never be the sameAnd as the floods move in
And your body starts to sink
I was the last thing on your mind
I know you better than you think
'Cause it's simple darling, I gave you a warning
Now everything you own is falling from the sky in pieces
So watch them fall with you, in slow motion
I pray that you will find peace of mind
And I'll find you another time
I'll love you, another timeExplosions on the day you wake up
Needing somebody and you've learned
It's okay to be afraid
But it will never be the same
