

# Memory

## Babes In Toyland

Memory hide and seek  
Halloween men or me, yeah You decide what's on the mind  
Comin' in from the other side Look what you done to me  
Following following  
Look what you done to me  
Shadowing shallowing  
Yeah, the other side I knew you first  
I loved you first  
I am the first, yeah Ahh, yeah  
Pokin' naked Ruthie with a sharp-end stick shit  
I am mean Memory hide and seek  
Halloween you know me, yeah You decide what's the mind  
Comin' in from the other side Look what you done to me  
Following following  
Look what you done to me  
Shadowing shallowing  
Yeah, the other side I knew you first  
I loved you first  
I am your curse, yeah  
Yeah, yeah You decide what's the mind  
Comin' in from the other side Look what you done to me  
Following following  
Look what you done to me  
Shadowing shallowing  
Yeah, the other side
