

Put Me in Your Lay Away

Muddy Waters

Oh, put me in your layaway plan
With just a small deposit down Oh, I want you to put me in your layaway plan
With just a small deposit down Well, you know whenever you call my number, baby
Little girl, I won't be home Yeah, you know when you pull out your deposit
You be sure you understand Yeah, you know when you pull out for your deposit down
You be sure you understand Well, you know, I know you can't overlook me baby
'Cause I be laying there in your budget plan Oh, you know I just love the way you hold me
While I'm laying in your budget plan Oh, I just love the way she holds me
While I'm laying there in her budget plan Yeah, I know she's my future woman
Oh, yeah, you know I'm her future man
