Yeah, what up

What up Snoop?

So many, so many, so many G's in a 'Lac
Blowin' **** in the back
Switch, hit a switch, D.P.'s in the act
Bigg Snoop Dogg, he a boss like that ****, yeah
Bendin' the curb swervin', blowin' on some hiz-erb
The boss has returned, I'm still flyer than a biz-ird
Ridin' and rollin' with them Steelers like I'm Pittsburgh
Go against the gang, the man will have your whole click served
Nice with the mic thang, the **** love my pipe game
Put it in the hole all night, I got nice aim
Snoop Dogg ****, how many times I got to show ya?
You don't wanna see this loc'ster Calvin Broadus from the shoulders
So just get your rap on, that I never slacked on
****, you got your strap out, here we get our jack on
**** to snack on, you and your whole crew
I'll pull out my nine, now do what you **** do
Di-Di-Dogg Pound, I came to break it down
God bless my pimp bone, gettin' my ego trip on, fool
Ease back before I trip on you, uh, flip on you, uh
And have them hollows rip on through ya, boy
Dogg Pound is up in this ****
Riders, yeah, ey Snoop
These **** ain't **** man
So many, so many G's in a 'Lac
Blowin' **** in the back
Switch, hit a switch, D.P.'s in the act
Bigg Snoop Dogg, he a boss like that ****, yeah
Still tokin', title holdin'
Desert Eagle 4-5 totin', leave **** brain broken
Still loc'n, still potent
Still trippin', still tippin', yeah, I'm still focused
And I'm still flippin', words, do it like ki's for G's
We swerve-swerve across seas gettin' cheese with ease
I'm still tall and still ballin'
Dumb **** still callin', foes still fallin'

Still bustin' a ****, still gettin' bucks out a ****
**** get outta line I put my Chuck's on her throat
Still hittin' switches, I'm still gettin' riches
Still the best in the game, I'm still hittin' pitches
So what it do? I'm still at you
