Worship Me Now

Marc Almond

Worship me nowCome here in my chamber
...on the velvet
We're waiting for years
And it's high time you felt it
In the arms of your worshiped master
Arms that can break you and create you afterWorship me now,
Beat the rush, beat the crowd
You got to worship me nowWorship me now
Worship me now
Until I have all taken
Leave all the senses
I'm royal to deserve a live reception
I play and run back at your door
I'm deceptionWorship me now,
Beat the rush, beat the crowd
You got to worship me nowSay it loud, say it proud
Say it here
Say it now
You've got to worship me nowWorship me now
Worship me nowHave faith in me, brothers
Have faith in me, sisters
If you lost your way
Then I'll be there to assist you
Come suck from my chest
Come get off your faces
Fear not cause I
I have friends in high placesWorship me now,
Beat the rush, beat the crowd
You got to worship me nowI was born on this Earth to delight and amaze
You were born on this Earth to know I'm here
Praise, praise me nowWorship me now
Praise me, praise me
Worship me now
Praise me, praise me
Worship me now
Praise me, praise me
Worship me now
Praise me, praise me
Worship me now
