

# Made to Dream

Jackie Evancho

There are times I close my eyes  
And wish upon a star.  
I tell myself my fairy-tale's  
Not far, not far.I close my eyes  
And look deep inside.  
Let the dreams that I have take flight.  
I lift up my head and just believe  
Knowing I was made to dream.From now on my life's my song  
And I write the words.  
My moment will come and until then  
I'll hold on, I'll hold on.I close my eyes  
And look deep inside.  
Let the dreams that I have take flight.  
I lift up my head and just believe  
Knowing I was made to dream.(Made to dream)  
To lift my voice,  
To be counted for, to stand,  
Knowing you'll take my hand.  
I'm here I was made for this.  
I'll sing 'till I have no voice.  
I'll go 'till the dream leads me home.I close my eyes  
And look deep inside.  
Let the dreams that I have take flight.  
I lift up my head and just believe  
Knowing I was made to dream,  
Knowing I was made to dream.  
Made to dream.
