

# Arise

## Waken Eyes

AriseCrashing through this endless dream  
Frozen still with silent screams  
Tear down these walls, they're closing in  
Rising tide of regret, stop me from  
Going under, sinking furtherWhy are you so far away?Voices twist and turn this mood  
I cannot speak, I cannot move  
It's not too late to rise above the ash  
Don't you dare and make that move, rejection stares  
Ah ah ah ah  
Ah ah ah ah  
Never get down  
Why are you so far away?  
Distant memories, long-full fantasies  
Heavenly light shines down for youDulcet nightmare  
Absence despair  
Dulcet nightmare  
Absence despairRise, and fight this war  
Deep inside your mind  
Don't give in  
Deceit will come  
Find a way to tear your down and leave you whole  
Ah ah ah ah  
Ah ah ah ah  
Never get down  
Never get down  
Going under  
Sinking further  
Taunting laughterDulcet nightmare  
Absence despair  
Dulcet nightmare  
Absence despairDulcet nightmare  
Absence despair  
Dulcet nightmare

Absence despair(Monologue)Dear taunting darkness, You have come and gone along with your wretched  
trickery and deceit. You pray on the innocent and weak minded. Your cowardly ways have not gone unnoticed.  
You have truly shown me that in darkness one finds light. Know that I am stronger and will not give in to your  
morbid terror anymore. Though I know we will meet again one day...until then I will be on guard waiting . For  
the powers of darkness will be crushed by the spirit of light.Streaming conscious  
Free from despairRise

Rise and fight this war  
Rise  
Rise, a way to tear you down  
Rise  
oh just don't give in  
Going under  
Sinking further  
Taunting laughter (Never get down)
