Magic (Galactic Remix)

Pilot

Ho, ho, ho
It's magic, you know
Never believe it's not so
It's magic, you know
Never believe, it's not soNever been awake
Never seen a day break
Leaning on my pillow in the morning
Lazy day in bed
Music in my head
Crazy music playing in the morning lightHo, ho, ho
It's magic, you know
Never believe it's not so
It's magic, you know
Never believe, it's not soI love my sunny day
Dream of far away
Dreaming on my pillow in the morning
Never been awake
Never seen a day break
Leaning on my pillow in the morning lightHo, ho, ho
It's magic, you know
Never believe it's not so
It's magic, you know
Never believe, it's not soHo, ho, ho
It's magic, you know
Never believe it's not so
It's magic, you know
Never believe, it's not so
