

As Long as You Stay

Martin Levac

Everyday itâ€™s so hard for me while others seem to be invincible and strong oh no
Iâ€™m so scared to be wrong and I donâ€™t know how to be strong just like you oh no
So how could I be sure that Iâ€™m on the right way?
Yeah how could I be sure that Iâ€™ll get there some day?

So I need you and I want you by my side
Yes I need your help and your good advice
And as long as youâ€™re here as long as I have you near
Not a thing can go wrong just as long as you stay with me

Outside the world is like a jungle to me
Everyone is so desperate to win and to succeed oh no
But I feel so small and defenseless today
And I just donâ€™t know if thereâ€™s a place for me in all this crazy scene
So how could I be sure that Iâ€™m on the right way?
And how could I be sure that Iâ€™ll get through today?

So I need you and I want you by my side
Yes I need your help and your good advice
And as long as youâ€™re here as long as I hold you dear
Not a thing can go wrong just as long as you stay with me
