

This Fire

(hed) P.e.

You can't fight it
No! You can never win
So stop tryin
This light will keep burnin
I fear nothing
I like to feel the pain
Your eyes crying
The spirit will remain
This fire will burn - Forever light up the night of nights
This fire will burn - I'm all dressed up - I'm ready to fight
This fire will burn - Let's Go! I'm tired of fuckin around

This fire will burn - The masters house right to the ground
Through pain and sickness
We will rise again
In moments of weakness
The spark will never end
This is a promise
We will never fail
End what you started
The family will prevail
This fire will burn...
This little light of mine
I'm gonna let it shine
