

# Get Back Temptation

## Ollabelle

Well you washed them all away  
Let them drift on your tide  
At the end of that day  
Carry me over to the other side  
Carry me over to the other side

Through the valley I had walked  
For a thousand thousand days  
If the Lord and I hadn't talked  
Could have never found my way  
Could have never found my way

Well, NOW?  
GET BACK TEMPTATION  
I won't follow you no more  
GET BACK TEMPTATION  
I have my eye on Heaven's Door  
GET BACK TEMPTATION  
Soon Salvation will be mine  
GET BACK TEMPTATION  
I have seen the seven signs  
I have seen the seven signs

I have seen the face of a hooker  
I have heard the voice of pain  
I have felt the touch of the devil  
I've had jealousy in my veins  
I've had jealousy in my veins

Well, NOW?  
GET BACK TEMPTATION  
I won't follow you no more  
GET BACK TEMPTATION  
I have my eye on Heaven's Door  
GET BACK TEMPTATION  
Soon Salvation will be mine  
GET BACK TEMPTATION  
I have seen the seven signs  
I have seen the seven signs
