Do It All Over

Stan Bush

On the radio I heard a song we used to sing when we were so free yeah. where did the loving go, and all the light it used to bring into our lives
I can take everything life gives me but I can't take losing you
if I could do it all over things might be different then yeah yeah, if I could go back and show her if I can do it all overI'll do it again.On the open road it gives me time to think things through
about me and you yeah.Out of everyone I'll ever know in a thousands grains of sand there's only one gemYou say love isn't what you needed but I can't stop wanting you
I"ll do it again
if I can do it all over things might be different then yeah yeah if I could go back and show her I can do it all over lovers come and go again like autumn leaves in a winter wind but I what I feel will never fade away
I can take everything lives give me but I can't take losing you, if I could do it all over things might be different then yeah yeah if I could go back and show heroh yeah
ohhh yeahyou know I"ll do it again if I could do it all over things might be different then yeah yeah if I could go back and show her and do it all over I'll do it again.
yeah yeah
do it again
ohhhh yeah
