Slow Motion

Edens Edge

Baby, whatcha thinking, do you wanna be with me?
And maybe we can see where this thing goes

Sunset, sunrise, open your big blue eyes
If you go too fast you'll pass up the best things in your life
My heart ain't into roller-coaster rides
I need a lifetime slow climb if I'm gonna get it right

Baby, whatcha thinking, do you wanna be with me?
And maybe we can see where this thing goes
I'm talking 'bout love in slow motion

Crush, touch, rush into lust and call it love
Thinking right now somehow might work out but never does
Forever's more to me than just a word
I'm on a slow road, don't go racing, rolling past the curves

Baby, whatcha thinking, do you wanna be with me?
And maybe we can see where this thing goes
I'm talking 'bout love in slow motion

I want loving, I want living, to be stretching every minute
To the limit with no looking back and wishing and regretting
I'm not letting myself go until I feel that sweet emotion

Talking 'bout love in slow motion
Love in slow motion
Love in slow emotion

Talking 'bout love in
Talking 'bout love in slow
I'm talking 'bout love in slow

Baby, whatcha thinking, do you wanna be with me?
And maybe we can see where this thing goes
