

# Swinging Doors

[Merle Haggard](#)

This old smoke filled bar is somethin' I'm not used to  
But I gave up my home to see you satisfied  
And I just called to let you know where I'll be livin'  
It's not much but I feel welcome here inside And I've got swingin' doors a jukebox and a barstool  
And my new home has a flashin' neon sign  
Stop by and see me anytime you want to  
'Cause I'm always here at home 'til closin' time I've got everythin' I need to drive me crazy  
I've got everythin' it takes to lose my mind  
And in here the atmosphere's just right for heartaches  
Thanks to you I'm always here 'til closin' time And I've got swingin' doors a jukebox and a barstool  
And my new home has a flashin' neon sign  
Stop by and see me anytime you want to  
'Cause I'm always here at home till closin' time
