

# Here We Go

## Mystikal

Uh, uh, hah  
Alright, Mystikal, Mystikal  
(Bitch, hombre)  
Alright nigga, this E four O  
Huh, E four O, E four O, huh  
Finna get it crankin' up in this biatch, what?  
Finna get it crankin' up in this biaiatch?  
V-town, New Orleans, check it out  
(V-town)  
Thangs fine, in the middle of the street, sirens and violins silence  
Muthafuckas play for keeps, violins and diamonds on my grand piano  
Turn the channel, lemme see that, gimme that back  
Muthafucka fool, what's your problem?  
(What's your problem?)  
Nigro, why you wanna pull all on the side of my column?  
Column, shot 'em, shot 'em, got 'em, stick 'em, lose 'em, stock 'em  
Bitch 'em, dodge 'em, block 'em, stock 'em, rock 'em, chop 'em  
Scheme 'em, plottin', plot 'em, 45 special, 45 special  
Nigga with the four five realize  
I got this monkey on my back, shit be funky that's a fact  
Screamin' up in them swamps though, pocket fulla twamps though  
To stomp hoe, totin' my pistal  
Up and down them side streets up in my vehicle  
Calli still, rallys fell, French quarters at night  
Smoke blunts, get the money, and make shit right  
Were smokin' weed pipe, niggas stuff it and roll  
Just some fools 'bout they paper, way out of control  
Now, here we go  
Here we go, time to let these niggas know  
Here we go, here we go, uh  
Here we go, here we go, time to let these niggas know  
Mystikal, P, go get the four door  
Here we go, here we go, time to let these niggas know  
Here we go, here we go, uh  
Here we go, here we go, time to let these niggas know  
Mystikal, master P go get the four door  
Ain't no limit, nigga, we 'bout it  
Fonzarelli, gimme the mike, let me get in they ass  
And with the ice cream man we kickin' ass

Came way from the project in New Orleans  
Where the drug dealers slang and the killers they blast  
Pass the grass, gimme the weed, smash the gas, we actin' bad  
We lookin' for the bitches with the pink cookie  
We already got the plastic bag  
Nah, nah, nah, nah, nah, our money don't stop, it multiply  
Could this fucker be, P lemme in the pool  
Lemme show ya, I pull my size  
I know some of y'all niggas gon' probably  
Have a problem with everything we say  
Bitch, get off my dick  
Always been the shit, so, I'ma be the shit  
Fuckin' with niggas like E four O and B-Legit  
Y'all niggas got a pay to feed the men, we the men  
Do it fast or slow, we dressed up straight from a fashion show  
Passin' hoes, ain't nothing on the wall  
In the hall but platinum and gold  
I put the dick on the track, and break they back  
To the mighty N.O., came fame, when I brought it to the top  
Here we go, in this bitch  
Here we go, time to let these niggas know  
Here we go, here we go, uh  
Here we go, here we go, time to let these niggas know  
Mystikal, P, go get the four door  
Here we go, here we go, time to let these niggas know  
Here we go, here we go, uh  
Here we go, here we go, time to let these niggas know  
Mystikal, master P go get the four door  
Represent, ugh, ha, ha, that's how we gon' bubble  
No limit style, Mystikal, nigga  
E-feezy, B-Legit and master p, the kisarme, yeah, baby, yeah  
Represetin', ya heard me, how ya do dat dere  
707, 504, we gettin' y'all ready for that there  
It's a new beginning, a new millennium, no limit
