

# Glaciers

## Ghost Culture

Elegance throws the dart to the flying outed  
but the herds and the flocks don't care  
Tennessee takes a break to a broken window  
but the herds and the hounds don't care  
How dreaming is meaningless  
So trivial, meager  
But not to me Not to me  
Not to me  
But not to me  
Glaciers breakdown  
I don't need them  
Glaciers breakdown  
I don't see them  
...  
So if this is the best  
Why, Why can't i taste it  
Somewhere else  
Glaciers breakdown  
i don't need them  
Glaciers breakdown  
i don't see them  
...  
Wishing takes so much to the  
but the hounds and the swans don't care  
...  
can't move, can't move, won't move
