

Hand in Hand

Saliva

They say when it rains
While the sun is shining
and angels crying below
Seems like you're known
I trade my life here today
and give up my place in the sky just so
I could tell you face to faceWhen you get used to the fire
I hope it grows cold and you freeze
I surprised there's so hard
Place the living
So I'll see you soon old friend
Will burn hand in hand
I've heard when you die
By taking your life you will burn
No one knnows for sure
While you're undr the ground
Looking up at me while I'm here looking down
I hope you can here me now
When you get used to the fire
I hope it grows cold and you freeze
I surprised there's so hard
Place the living
So I'll see you soon old friend
Will burn hand in hand
When you get used to the fire
I hope it grows cold and you freeze
I surprised there's so hard
Place the living
So may be it's time to forgive
If I don't you in(end)
