Without youI'm messed up without youLooking in the mirror
I'm all in my feelings
Got me fucked up out here
Without you
Yeah you can call me crazy
Fuck it I'm demented
I'm out of my head in this bed
Without you
I can't go long without you babeI got to get myself together
Black running mascara falling down my face
The days turn into nights and nights turn into days
I sip a little something
Pull on a little something
Just to numb the pain
This loneliness has taken over meI'm looking in the mirror
I'm all in my feelings
Got me fucked up out here
Without you (without you babe)
Yeah you can call me crazy
Fuck it I'm demented
I'm out of my head in this bed
Without you
I can't go long without you babe
(Yeah yeah) I got to get myself togetherShe cut my face out of every picture up in the crib
(In the crib, in the crib, crib)
Put them in a box and sent the shit to me where I now live
Dramatic shit
But that's her way, that her way
Kinda what I liked about her
I sip that red straight up
Let that burn be a reminder of the fire that I put you through
Suffering and hell what I did to you

But your only sin was loving this damn foolLooking in the mirror (while I'm in there with you, you babe)
I'm all in my feelings
Got me fucked up out here (so now I've got to live)
Without you (without, without, without you baby)
Yeah you can call me crazy
Fuck it I'm demented
I'm out of my head in this bed
Without you (without you, without you baby)
I can't go long without you babeFunny you never know what you got
'Til you ain't got it no more (ain't got it no more)
Yeah, my pride won't let me tell you
I was wrong but I know I was though
So I'm fighting with this nigga in the mirror
Cause' he lost a good thing and we don't even know why
We don't even know why
This anger is a crimeLooking in the mirror
I'm all in my feelings
Got me messed up out here
Without you (said I'm lost without you baby)
Yeah you can call me crazy
Fuck it I'm demented
I'm out of my head in this bed
Without you (without you baby)
I'm looking in this mirror
I'm all in my feelings
Got me messed up out here
Without you (without you baby, baby)
Yeah you can call me crazy (call it)
Fuck it I'm demented (I'm demented)
I'm out of my head in this bed
Baby, without you (Without you baby)
Without you
