Look Before You Leap

Derrick Morgan

Yes, darling, these words I'm putting to you
'Never you give away the old for the new
When your old love have left you and gone, my dear
You'll find out the greatest mistake in your lifeSo look before you leap, look before you leap
If your heart is filled and overflowing, dear
Look before you leapYes, darling, these words I'm putting to you
New broom sweep clean but old ones knew the corner
So when your old love have left you and gone, my dear
You'll find out the greatest mistake in your lifeSo look before you leap, look before you leap
If your heart is filled and overflowing, dear
Look before you leapLook before you leap, look before you leap
If your heart is filled and overflowing, dear
Look before you leap
