Laid

American Pie Soundtrack

Yeah, you hit me with your nightstick
Yeah, you cut up all my clothes
Lay here drunk until I get sick
Lay down, why can't I let go?
When I go back, it all goes black
I feel the comatose
It hurts so bad, I can't hold back
Gently I should go
I've been laid off, I've been laid on
I've been shaken ever since you left
And I've been laid on, I've been let down
I can't get free since you laid on me
(Hey, hey)
Laid on me
(Hey, hey)
Laid on me
You were led on a bed of roses
Now I'm sucking on the thorns
Lay low drowning in my sorrow
I'm just a sucker for some more
When I go back, it all goes black
I feel the comatose
It hurts so bad, I can't hold back
Gently I should go
I've been laid off, I've been laid on
I've been shaken ever since you left
And I've been laid on, I've been let down
I can't get free since you laid on me
(Hey, hey)
Laid on me
(Hey, hey)
Laid on me
The question is still and screaming
Go back where my heart's still beating
And right next to you, I'm dreaming
Every night
Night, night, night
Night, night, night
I've been laid off, I've been laid on

I've been shaken ever since you left
And I've been laid on, I've been let down
I can't get free since you laid on me
(Hey, hey)
Laid on me
(Hey, hey)
Laid on me
(Hey, hey)
Since you laid on me
(Hey, hey)
Laid on me
