Time

Ne-Yo

How come you don't make time for me anymore?

That's the last thing she said to you

And now when you call she don't answer any more

Or the line is busy and you can't get throughIn the time it would take you to learn from your mistakes

In the time it would take to dial the phone

In the time it would take you to realize her greatness, she'll be gone She's moved on to someone who takes the timeHer love wasn't a priority to you

You had other things on your mind

And now that it's much too little and so far away

The busy signals all that's left behind, you're all aloneIn the time it would take you to learn from your mistakes

In the time it would take to dial the phone

In the time it would take you to realize her greatness she'll be gone
She's moved on to someone who takes the timeHey, no one knows what they have until they don't
And by then it doesn't matter any more, you're all aloneIn the time it would take you to learn from your
mistakes

In the time it would take to dial the phone
In the time it would take you to realize her greatness she'll be gone
She'll be goneIn the time it would take for you to realize her greatness, she'll be gone
She's moved on hang up the phone
