I Will

Jeff Jacobs

Watching waves sing to the girl on stage
He's countin' rosebuds
Countin' rosebudsFoggy pavement through my headlights flashing
Hope I miss her
Hope I miss herI will, I will, I will, I willChain is broken, but the gate's wide open
Can't control her
Can't control herMusic Student with a fear of losin'
Wall street Dreamin'
Stopped believin'After all our time spent chasing stars
Is it any wonder we forgot who we are
I don't know you
But I willI will, I will, I will, I willStaring Contest in a wax museum
Got to love her
Got to love herDrinkin' water with a house on fire
Mind pollution
Whose illusion?After all our time spent chasing stars
Is it any wonder we forgot who we are
I don't know youBut I just can't change my mind,
this feelin' it's inside
I never got by anybody but myselfAfter all our time spent chasing stars
After fifteen rhymes and one guitar
You'll always have me right here in your palm
So is it any wonder I forgot who you are?
I don't know you.
But I will....
