

# On-line

## Gnarls Barkley

I'm on the line, I'm on the line  
Once I clean my mirror, I'ma be feeling fine  
Trying to get there is all that's on my mind  
When I'm on the line, yeah  
Even though I run my race with a smile on my face  
It ain't easy, no it ain't  
Feels like the life of the party but it's all in your mind  
On the line  
I'm on the line, I'm on the line  
Once I clean my mirror, I'ma be feeling fine  
Even when you're falling, just pretend you're flying  
When you're on the line, yeah  
I'm with everybody but I'm still alone  
Just look down, that's my line you're standing on  
Let's keep it friendly, we'll be just fine  
But don't cross that line, no, no, no, no
