Life Is Hard

John Mellencamp

Life is hard anyway you cut it
Life is sweet like a berry from a tree
Life is temptation, baby, every single day
Life is hardLife is funny, I don't mean ha ha
It's not always sunny when it needs to be
Life is frightening, nothing lasts forever
Life is hardMy time is next to nothin'
My time falls on you, yeah
Everything is in motion
Life is hardLife is precious, no matter how you see it
Life is crazy like yellow fishes in the street
Life is lonely when you're not with me
Life is hardGentlemen, is that your story?
Hanging religion from a tree, yeah
My time is next to nothing
Life is hardMy time is next to nothing
My time falls on you, yeah
Everything is in motion
Life is hardMy time falls on you, yeah
Life is hard
Life is hard
