

You're My Only Shorty (feat. Iyaz)

Demi Lovato

Last night was crazy
And today it's settlin' in
Did you really mean it,
And could you say it again?
Oh, oh
Even if you just say it over the phone.
(You wanna make it real)

It makes me crazy, restless, dumb and paranoid,
But Iâ'll take a chance, Iâ'll listen
Hope you don't destroy my heart
Just give me one guarantee,
Iâ'm the only girl you see.
What you say, boy?

You're my only shorty
You're my only shorty (EEE)
Iâ'm telling you the truth, girl it's only you.
You're my only, you're my only,
You're my only one and only.

You're my only shorty (Am I your only shorty?)
You're my only shorty (Am I your only shorty?) (EEE)
Iâ'm telling you the truth, girl it's only you.
You're my only, you're my only,
You're my only, you're my only shorty.
(Am I your only shorty?)

Every day and night you got
an open invitation.
As long as Iâ'm your one and
Only destination
Fly with me
Iâ'll be your fantasy

You're in the mail
But baby, baby, so am I
But if you're weak and try to stink
Iâ'll have to tell you bye, bye
Iâ'm opposed you want this bye

Am I your only girl tonight?

What you say boy?

You're my only shorty

(Am I your only?)

You're my only shorty (EEE)

I'm telling you the truth, girl it's only you.

You're my only, you're my only,

You're my only one and only.

(Am I your only?)

You're my only shorty (Am I your only shorty?)

You're my only shorty (Am I your only shorty?) (EEE)

I'm telling you the truth, girl it's only you.

You're my only, you're my only,

You're my only, you're my only shorty.

(Am I your only shorty?)

Please, baby, please

give me all your attention

Don't let my heart go seeking no other direction

I got it baby only one for you affection

You're my only shorty (Am I your only shorty?)

You're my only shorty (Baby, come clean) (EEE)

I'm telling you the truth, girl it's only you.

You're my only, you're my only,

You're my only, one and only.

(Am I your only shorty?)

You're my only shorty (Am I your only shorty?)

You're my only shorty (Am I your only shorty?) (EEE)

I'm telling you the truth, girl it's only you.

You're my only, you're my only,

You're my only, you're my only shorty.

(Am I your only shorty?)

Am I your only?

Am I your only?

(Yeah)

Tell me, am I your only shorty? (Yeah, yes you are.)

Wanna hear you say yeah. (Yes you are.)

Am I your only shorty?
