

Stain Of Mind

Slayer

Imagine Humanity's decline
Step inside my stain of mind
 Infesting superiority
 Infectious immorality oh yea
Come worship the place no truths are told
 Praise the land where sins are sold
 No passion no love your faith evades
Never see yourself again that way Death becomes your bride
 Lifelessness invades your eyes
 in fire baptized
 All pain sifts through my soul
 You'll never feel greater misery
 Master of my enemy
Let the purest stain of mind Wash the virtue from your eyes
 As one the collective unifies
 Emanate a faithless shine
Forever creation has conceived Birth of destruction spreads its wings oh yea
Chaotic rebirth a new domain Re-live the sight the sound the pain
 Erotic the taste of agony Adorn the scars of inhumanity
 This is what you see
 Deep inside of me
 Agony is life
 Lechery is life
 Godlessness is life
 Purgatory magnified
 In fire baptized
 All pain sifts through my soul
 You'll never feel greater misery
 Master of my enemy
Let the purest satin of mind Wash the virtue from your eyes
 Enticing malevolence allures
 Bastardize the clean and pure
 Salvation forever crucified
 I choose the other side oh yea
 Entire, complete serenity
 Injected intravenously
 Transgression euphoric bliss divine
Initiate a timeless stain of mind Blood will sterilize
 In fire I baptized

All pain sifts through my soul
You'll never feel greater misery
Master of my enemy
Let the purest stain of mind
Wash the virtue from your eyes
