

Taking Tiger Mountain

Brian Eno

We climbed and we climbed
Oh, how we climbed
My, how we climbed
Over the stars to top
Tiger mountain
Forcing the lines through the snowWe climbed and we climbed
Oh, how we climbed
My, how we climbed
Over the stars to top
Tiger mountain
Forcing the lines through the snowWe climbed and we climbed
Oh, how we climbed
My, how we climbed
Over the stars to top
Tiger mountain
Forcing the lines through the snowWe climbed and we climbed
Oh, how we climbed
