

My Way

Butch Walker

So you grew up in a town where everybody's all the same
Like a city full of zombies going by the same name
Saying, "Eat this", "Wear that" think ya know just where it's at
When everybody's just alike, now tell me how you deal with that!
This much is true, so here's the finger let me say it
There's the right way, then there's my way
There's a highway, if you don't like it you can take it
So just talk away, I don't hear a word you say
I'll be my way, if you don't like it you can take it
You got the ultimate song but you're fuckin' up the words
And you're falling from the bridge that goes straight into the verse
They're sayin', "Do this", "Do that" tell ya how to wear your hat
If everyone was just alike I don't think I could deal with that
This much is true, so can ya hear me as I'm saying
There's the right way, then there's my way
There's a highway, if you don't like it you can take it
So just talk away, I don't hear a word you say
I'll be my way, if you don't like it you can take it
I don't want to be the one who
Does everything like I'm told to
I don't want to be the one who
Does everything like I'm told to
I don't want to be the one who
Does everything like I'm told to
There's the right way, then there's my way
There's a highway, if you don't like it you can take it
So just talk away, I don't hear a word you say
I'll be my way, if you don't like it you can take it
There's the right way, then there's my way
There's a highway, if you don't like it you can take it
So just talk away, I don't hear a word you say
I'll be my way, if you don't like it you can take it
I don't want to be the one who
Does everything like I'm told to
I don't want to be the one who
Does everything like I'm told to
I don't want to be the one who
Does everything like I'm told to
