

Regret (Combichrist Remix)

Icon of Coil

Whatever truth will reveal tomorrow, it's a lie
A cup of poison will always join us for a while
And we'll laugh for a while, and we'll die for a while
And then we'll blame us self for a wild routine
Ground zero, we're back to one We can't combine Happy with the life they gave us from day one
What disappears without a trace, reappears and we just approve
What we need is a waist, solutions dissolves in our hands
We won't except that we understand
Destruction completes the man No matter what time will give us
No matter if it slips away
You should have burned me blind
Now I'm shining through We can't combine this city laws
Regret with time, this splintered doors
Even if fear remains tomorrow
Or if everything goes away We can't combine Shadows merging, people laughing
The sun shines threatening
Concrete tasting, steel avoiding
Love exploiting, hate awakening
Missing, can't hide We can't combine this city laws
Regret with time, this splintered doors
Even if fear remains tomorrow
Or if everything goes away
