

# Automatic

## Blanks 77

When you see me walking down the street

It's automatic

When you see me we just hafta meet

It's automatic

But you know that I hate you

Whatcha tryin' to put me through

Automatic transmission

Automatic transmission

Automatic transmission

Don't ya come cryin' to me

It's automatic

'Cause you know I'm not no fool

It's automatic

Don't ya stare at me that way

'Cause I know you're fucking crazy

Automatic transmission

Automatic transmission

Oh, I hate you!
