6 Months

Hey Monday

You're the direction I follow to get home
When I feel like I can't go on, you tell me to go
And it's like I can't feel a thing without you around
And don't mind me if I get weak in the knees
'Cause you have that effect on me, you do
Everything you say, every time we kiss
I can't think straight but I'm okay
And I can't think of anybody else
Who I hate to miss as much as I hate missing you
Months going strong now, and no goodbye
Unconditional, unoriginal, always by my side
Meant to be together
Meant for no one but each other
You love me, I love you harder so
Everything you say, every time we kiss
I can't think straight but I'm okay
And I can't think of anybody else
Who I hate to miss as much as I hate missing you
So please, give me a hint
So please, give me a lesson
On how to steal, steal a heart
As fast as you stole mine, as you stole mine
Oh and everything you say
Every time we kiss, I can't think straight
But I'm okay and I can't think of anybody else
Who I hate to miss as much as I hate missing you
So please, give me a hint
So please, just take my hand
