

Not Alone (Radio Version)

Family Force 5

Far away
Miles apart
I'm touching you from a distance
Holding fast
I can't last
It's killing me cause I need you It'll be okay
I breathe in
Just knowing that you're listening
Yeah I'm holding back the tears right now
Just tell me that I'm not alone (Chorus)
Cause I don't hurt when you say it
I hear your words, I can make it
I need you now, I want you now
To tell me that I'm not alone (whoa, whoa) Tell me that I'm not alone
(whoa) Tell me that I'm not alone My greatest fear is losing you
Never wanna be the one to fail you
There's no doubt, I'm missing out
I'm not there, but I should be I'm breathing in, I'm breathing in
Knowing, knowing
Knowing that you're listening
Yeah I'm holding back the tears right now
Just tell me that I'm not alone (Chorus) And you know that I can't wait
I wait to see your face
I wonder why I ever leave
Whoa
You're the reason I don't break
And why I always say
You're where I wanna be
Closer than I'll ever be (Chorus 3x) (whoa, whoa) Just tell me that I'm not alone
(whoa) Just tell me that I'm not alone
(whoa) Tell me, tell me
(whoa) You tell me that I'm not alone
(whoa) You tell me that I'm not alone
