

lifesaver

Scream Daisy

Another Monday morning and iâ€™m stuck out here in traffic
The red lights never seem to change
Only i have more time on my hands to search a way out
Itâ€™ll be inside my head

But if i could give in to all those temptations
It would be impossible to come back
Iâ€™m drowning in ocean of sinners and liars
Someone please throw me a lifesaver

Another Monday morning and iâ€™m trapped inside this reality
Where everyone seems paranoid
And i donâ€™t need no super hero to come to my rescue
Just leave me here to fight this day

But if i just give in to all those temptations
It would be impossible to come back
Iâ€™m drowning in ocean of sinners and liars
Someone please throw me a lifesaver

Help me canâ€™t you see Iâ€™m drowning
Help me make it out of here
Save me the water here is freezing
Help me out of here iâ€™m begging please

But if i just give in to all those temptations
It would be impossible to come back
Iâ€™m drowning in ocean of sinners and liars
Someone please throw me a lifesaver
