

# Web Of Lies

[Aireon](#)

Weaving a web - of lies and deceit  
It's a dangerous game - we play All this time - the pain eating us away  
All this time - the memories refuse to fade  
A rotting shell of dying trust  
We share this hell at any cost Phases and stages  
Circles and cycles  
And empty charade  
This pointless masquerade A dangerous game  
A dangerous game - we play Web of lies  
I can see it in your eyes  
Web of lies  
You can see it in my eyes It will never be the same  
We have gone too far this time  
Our temple of false dreams  
Comes crashing down...  
A rotting shell of dying trust  
We shared this hell at any cost
