Truth Or Dare

N.e.r.d.

Yeah
Yeah
Yeah
I'm on the dance floor burning up
And music turn it up
Baby I'm, real hot
So is it my turn to touch you?
Look like you're buzzin' on Ex
With 3D effects
Baby you, look like you have no clue
Of what comes next
Me and my dogs will be there
Tell your girls prepare to share
We'll play the dancing truth or dare
If someone's standing there, stare say
Hey baby, what's your name?
Don't stand looking insane
Do you want to ride the train?
Welcome to the fast lane
If you're in love beware
'Cause these people they don't care
All hands in the air
This is what we call truth or dare
I am the one with the brightest hair
Leather I don't care
Baby I, don't ever want to take the shirts off
That's my dare
You got a girl but you touching me
Like you don't care
Baby you, do you but just don't get
Caught out there
Me and my girls will be there
Tell your boys prepare to share
We'll play the dancing truth or dare
If someone's standing there, stare say
Hey baby, what's your name?
Don't stand looking insane
Do you want to ride the train?
Welcome to the fast lane

If you're in love beware
'Cause these people they don't care
All hands in the air
This is what we call truth or dare
Come on, come on
Baby shake it up
Come on, come on
Baby shake it up
Come on, come on
Baby shake it up
Come on, come on
Baby shake it up
Man, I got ten surrounding me, hounding me
Center of attention, a riot it's bound to be
Though I'm in the middle, my jewels you're bound to see
In a pool of women all of them drowning me
I'm ho hoppin', flip floppin', ho' hoppin'
Now her head in my lap boppin'
I ain't one to care, I ain't used to fair
Baby you can keep the truth, choose the dare
Yeah yeah yeah yeah yeah
Yeah
Yeah yeah yeah yeah yeah
Yeah
Yeah
Yeah
Me and my dogs will be there
Tell your girls prepare to share
Me and my girls will be there
Tell your boys prepare to share
We'll play the dancing truth or dare
If someone's standing there, stare say
Hey baby, what's your name?
Don't stand looking insane
Do you want to ride the train?
Welcome to the fast lane
If you're in love beware
'Cause these people they don't care
All hands in the air
This is what we call truth or dare
Come on, come on
Baby shake it up
Come on, come on
Baby shake it up
Come on, come on

Baby shake it up
Come on, come on
Baby shake it up
Yeah yeah yeah yeah yeah
