

Truth Or Dare

N.e.r.d.

Yeah

Yeah

Yeah

I'm on the dance floor burning up

And music turn it up

Baby I'm, real hot

So is it my turn to touch you?

Look like you're buzzin' on Ex

With 3D effects

Baby you, look like you have no clue

Of what comes next

Me and my dogs will be there

Tell your girls prepare to share

We'll play the dancing truth or dare

If someone's standing there, stare say

Hey baby, what's your name?

Don't stand looking insane

Do you want to ride the train?

Welcome to the fast lane

If you're in love beware

'Cause these people they don't care

All hands in the air

This is what we call truth or dare

I am the one with the brightest hair

Leather I don't care

Baby I, don't ever want to take the shirts off

That's my dare

You got a girl but you touching me

Like you don't care

Baby you, do you but just don't get

Caught out there

Me and my girls will be there

Tell your boys prepare to share

We'll play the dancing truth or dare

If someone's standing there, stare say

Hey baby, what's your name?

Don't stand looking insane

Do you want to ride the train?

Welcome to the fast lane

If you're in love beware
'Cause these people they don't care
All hands in the air
This is what we call truth or dare
Come on, come on
Baby shake it up
Come on, come on
Baby shake it up
Come on, come on
Baby shake it up
Come on, come on
Baby shake it up
Man, I got ten surrounding me, hounding me
Center of attention, a riot it's bound to be
Though I'm in the middle, my jewels you're bound to see
In a pool of women all of them drowning me
I'm ho hoppin', flip floppin', ho' hoppin'
Now her head in my lap boppin'
I ain't one to care, I ain't used to fair
Baby you can keep the truth, choose the dare
Yeah yeah yeah yeah yeah
Yeah
Yeah yeah yeah yeah yeah
Yeah
Yeah
Yeah
Me and my dogs will be there
Tell your girls prepare to share
Me and my girls will be there
Tell your boys prepare to share
We'll play the dancing truth or dare
If someone's standing there, stare say
Hey baby, what's your name?
Don't stand looking insane
Do you want to ride the train?
Welcome to the fast lane
If you're in love beware
'Cause these people they don't care
All hands in the air
This is what we call truth or dare
Come on, come on
Baby shake it up
Come on, come on
Baby shake it up
Come on, come on

Baby shake it up
Come on, come on
Baby shake it up
Yeah yeah yeah yeah yeah
Yeah yeah yeah yeah yeah
Yeah yeah yeah yeah yeah
Yeah yeah yeah yeah yeah
Yeah yeah yeah yeah yeah
