

full of grace

Telaphones

The winter here is cold and bitter
It's chilled us to the bone
I havent seen the sun for weeks
Too long, too far from home
I feel just like Im sinking
And I claw for solid groundIm pulled down by the undertow
I never thought I could feel so low
And oh, darkness I just feel like letting goIf all the of the strength and all of the courage
Come and lift me from this place
I know I can love you much better than this
Full of grace
Full of grace
My loveIt's better this way, I say
Haven't seen this place before
Where everything we say and do
Hurts us all the more
Its just that we stayed, too long
In the same old sickly skinIm pulled down by the undertow
I never thought I could feel so low
And oh, darkness I just feel like letting goIf all of the strength and all of the courage
Come and lift me from this place
I know I could love you much better than this
Full of graceI know I can love you much better than this
Its better this way
