[Usher:]

[Usher:]

Shawty got a body that jeans can't hold
Ans she move like she learn everything from the pole
And she loves to party, number one hobby
Out till the morning better ask somebody

[Talking:]

Yo, talk to the girl walk here's the round (oh)
Watch what happen to you when she hear the sound (yo)
Tell her shake it up, tell her hit the ground (yo)
Gonna face time see if she's down

[Usher:]

She's a girl from the future
Says she's sick and tired of the old
So all that old shit can hit the road
Man you only know if you know cause she's

[Chorus:]

A hot thing
Hot thing (hot thing)
Hot thing (hot thing)
Hot thing (hot thing)
(Oh, dang she's so bubblicious)

[Usher:]

Seen her amazing she stopped and pose
When she seen the green one she just go, go, go
Like a stolen Buggati, got money in your pocket
That makes you a really poppa with me on up on it

[Talking:]

Yo, talk to the girl walk here's your round (yeah)
Watch what will happen to you when she hear the sound

Tell her shake it up, tell her hit the ground

(Yo) gonna face time, see if she's down

[Usher:]

She say you must have money in your wallet till the thing don't fall

And this is credit cards black not gold

Now you only know if you know

[Chorus:]

For real she's a hot thing

Hot thing (hot thing)

Hot thing (hot thing)

True hot boy catch me running with the flame

She a hot girl so she's running with the name

Drop it like it's hot on my motherfucking thing

Mommy like calata, Papi like the merci-gallardo

Grigo riding down mercer go Nicki Minaj flow

When I hit the verser if you let me menage

I'll take you to see Usher

[Talking:]

Talk to the girl walk here's your round

Watch what will happen to you when she hear the sound

Tell her shake it up, tell her hit the ground (yo)

Gonna face time see if she's down

[Usher:]

She said it don't really take to much to get me out of control

Baby, you stop this my show

Just take a little and I'm good to go (Yeah Man)

[Chorus:]
