

Rolling

Soul Coughing

I'm rolling, I'm rolling, I'm rolling, I'm rolling, now
I'm rolling, I'm rolling, I'm rolling, I'm rolling, now I've gotta get a new balm
I've gotta get a tight tension on
I've got to slip it up until the rush gets gone
I've got to feel it with the hot mind on, yeah I've gotta get a new balm
I've gotta get a tight tension on
I've got to slip it up until the rush gets gone
I've got to feel it with the hot mind on, now I'm rolling, I'm rolling, I'm rolling, I'm rolling, now
I'm rolling, I'm rolling, I'm rolling, I'm rolling, now
I'm rolling, I'm rolling, I'm rolling, I'm rolling, now
I'm rolling, I'm rolling, I'm rolling, I'm rolling, now Hey, Norman was it thrown with a broken arm?
Hey, Norman was it thrown with a broken arm?
Bottle it up, yeah, to keep it warm
Hey, Norman was it thrown with a broken arm? I know you got it but you got to go
I'm gonna get into the batter so the mix might glow
I hate to do it but I did it though
I'm gonna bite into the body like the risk is no I got the souped up car and what you call
Tripping on the boom bap etymological
I ride the fader and I ride it low
I'm gonna slip into the field like Han Solo I'm rolling, I'm rolling, I'm rolling, I'm rolling, now
I'm rolling, I'm rolling, I'm rolling, I'm rolling, now
I'm rolling, I'm rolling, I'm rolling, I'm rolling, now One, two into the amplifier
One, two into the amplifier, and you got to get to
Into the amplifier
One, two into the amplifier, the electrified two Into the amplifier
One, two into the amplifier, and you got to get to
Into the amplifier
One, two into the amplifier I'm rolling, I'm rolling, I'm rolling, I'm rolling
I'm rolling, I'm rolling, I'm rolling, I'm rolling
I'm rolling, I'm rolling, I'm rolling, I'm rolling
