

(Doing The) Math

Lifeguards

I hope this letter finds you
feeling well, sick or used
only slightly abused
by your
televisions
big decisionsroom is clean but I'm not
I don't wanna be a woman
it's too hard to be a man
when you're headed for one stop
going to one stoppull out the shrinking wrap
take out the thinking cap
disillusion
disillusion
turn on the big display
can't see it anyway
no resolution
doing the mathfree boy likes his freedom
he's got all that he needs
got a leg up on you
but he
punches a time clock
building a time bombnail him to the mirror
let him scream all he can
cause you walk away (give up?)
when you do the time bomb
do the mind bombpull out the shrinking wrap
take out the thinking cap
disillusion
disillusion
turn on (off?) the big display
can't see it anyway
no resolution
doing the, MATH!
(x2)
