

Sooner Or Later

The Alan Parsons Project

Oh what a price we pay for the things we say
And the closer I get to you the further you move away
All the lies we tell in the games we play
And the longer I think it over the harder it is to stay Sooner or later I'll be free to leave the past behind
Sooner or later you're gonna be the last thing on my mind
Little by little I'm finding out the truth behind your eyes
Maybe if I don't show I thought you might like to know
You're gonna be the last thing on my mind You didn't want to know I could have told you so
But the moment I think it's over the further there is to go
Just a little word such an easy way
But the longer I think about it the harder it is to say Sooner or later I'll be free to leave the past behind
Sooner or later you're gonna be the last thing on my mind
Little by little I'm finding out the truth behind your eyes
Maybe if I don't show I thought you might like to know
You're gonna be the last thing on my mind Sooner or later I'll be free to leave the past behind
Sooner or later you're gonna be the last thing on my mind
Little by little I'm finding out the truth behind your eyes
Maybe if I don't show I thought you might like to know
You're gonna be the last thing on my mind Sooner or later I'll be free to leave the past behind
Sooner or later you're gonna be the last thing on my mind
Little by little I'm finding out the truth behind your eyes
Maybe if I don't show
