Poor Man

Johnny Robinson

Bare, naked and bare is how I came
And I'll be leaving just the same
So why be afraid
YeahI'm a poor man, walking down the road
The straight and narrow is leading me to goldSpace, the second floor of outer space
Where all infinity awaits
I'm on my way
To a better placeI'm a poor man, walking down the road
The straight and narrow is leading me to gold
So I'm a rich man, walking down the road
The straight and narrow is leading me toYou gave to me, life everlasting
All I can see is life everlasting
You gave to me, life everlasting
All I can see is life everlasting, life everlastingI'm a poor man, walking down the road
The straight and narrow is leading me to goldYou gave to me, life everlasting
All I can see is life everlasting
You gave to me, life everlasting
All I can see is life everlasting, life, la la life
Well you gave me life
Oh, life everlasting, life everlasting
